Grow at Whitley

Every day at Whitley College we offer opportunities for you to explore, learn and grow.

At Whitley you can learn with others who are committed to the call of God and to the life and mission of the church.

Whether you want to begin a Diploma, a Bachelor degree, a Masters degree or a doctorate there is a chance for you to continue your exploration of faith and discipleship as part of the Whitley community.

Find out what you could learn visit us at www.whitley.org.au

Study options

Even if you are just beginning or returning to study, you can study at a level that is right for you - from Diplomas to Bachelor Degrees to Postgraduate programs.

You can study at your own pace - full-time or part-time, during the semester or in intensives during the year. You can even study on Saturdays as part of our series at New Hope Baptist Church in Blackburn.

You can also complete some units online. And we will be live-streaming the lectures of several classes so that you can participate from home or from a rural or regional area.

Subjects

At Whitley College the Undergraduate and Postgraduate units focus on three main areas:

Reading the Bible
Understanding the origins of the text and its message for today.

Living, Caring, Leading
Developing skills and understanding for daily Christian life.

Making Connections
Connecting the history and understanding of Christianity with the world today.

In the following pages you can read about the subjects that are offered in each of these areas...
Reading the Bible

Reading the Bible

The Bible is the primary authority for Christians.

How do we understand its message for today - engaging with the ancient languages, the societies from which these texts come and the message from God and about God then and now?

These subjects will give you the skills to read the Bible as a living text relevant to individual and social challenges in our world.

She started her studies to explore her own spirituality through education - ‘What I’ve gained from being welcomed into the community at Whitley is the hope that I can create a place for love and justice in the world. The faculty and students here have become an extension of my family and are so inspiring in the way they live their lives each day.’
Making Connections

What is the relevance of Christian faith to our lives as individuals in society and the world at large?

These questions have occupied ordinary people and great minds throughout the centuries and continue to provide stimulus, challenge and understanding for us today and into the future.

These subjects provide insight into the questions people have asked and the way they have found faith in God. They assist us in making our own theological response.

WHERE TO START

TransFormation

Christian leadership training for people of a non-English speaking background

Now in its 12th year, the TransFormation program combines study, spiritual growth, worship, lunch and community experience essential in the formation of Christian leaders. It helps people overcome the obstacles of time, money and language preventing them from attending other courses. TransFormation involves 10 Saturdays per year over 3 years. Sessions run from 9.30am – 4.00pm. The program is taught in English but allows time for questions and sharing in different language groups where possible. It is open to women and men who have their Church’s support and encouragement. Students are accepted at the beginning of each year. The course can be taken as a non-academic certificate or as part of a Diploma program involving major assessment tasks.
Whitley Community

Whitley College is a genuine community and all who come to study here will find it both challenging and enriching. It is a place to give and receive, and to make friends as we learn together.

One of the distinctive features of Whitley College is the way that the staff commit themselves to being available for students. They are approachable, willing to help and make time for one-on-one guidance and assistance with study skills.

We have several community activities outside of classes, including prayer and a shared community lunch each week of semester.

The mission of Whitley College is to equip women and men for leadership and service in the church and society. We are equipping leaders for a different world.

At Whitley College, leaders are trained for many areas of service in the community, including the ordained ministry of the churches, youth work, pastoral care and chaplaincy.
