The Ministry Internship is open to people of all ages and backgrounds who are interested in exploring their call to ministry.

The Ministry Internship involves a church placement, theological study and personal reflection.

Each aspect of the program is vital to Interns in seeking God, discerning their call to ministry of all types, and equipping themselves with lifelong skills for ministry.

**What does it involve?**

The **church placement** requires 10-hours in a local church or mission agency. This develops Interns’ gifts and skills in ministry and mission in a safe and supportive environment.

The **theological study** focuses on foundations for ministry. It is offered by Whitley College and accredited by the Melbourne College of Divinity. Interns can complete the majority of an Associate Diploma in Ministry in one year, or graduates can opt for a Graduate Diploma in Theology.

**Personal reflection** allows Interns to grow as leaders and maintain their personal and spiritual wellbeing in ministry.

**Ministry Internship** will commence across Victoria in February 2011. For more information please contact:
