LEARN
NEW TESTAMENT GREEK IN BENDIGO

Delve into the language in which the New Testament was first written

Whitley College is pleased to offer classes in New Testament Greek in Bendigo. These classes are accredited and can be used as credits toward a degree.

New Testament Greek is offered as two subjects each lasting one semester. “Greek A” is an introductory course teaching the basics of grammar and syntax and learning a basic working vocabulary. “Greek B” deepens this knowledge and introduces intermediate level grammar and vocabulary and applies this knowledge in translating passages of the New Testament. Some principles of textual criticism are also introduced.

Whether it is for personal devotion, to deepen your own study of the New Testament, to aid in the writing of sermons or bible studies, or to further your study in theology, being able to examine the New Testament from the Greek text is a valuable tool. Come and join with a community of people who share the goal of learning these skills.
